X1 20. [REDACTED] LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, to receive an update on the status of S. Res. 207, which the Select Committee introduced in mid-1977 to bring about disclosure of the overall NFIP budget. Miller said he did not know if or when the issue would be brought up on the Senate floor, and expressed some frustration about this point. He said he felt disclosure was likely, however, in light of the upcoming House Permanent Select Committee on Intelligence hearings on the open budget issue. I asked Miller whether the security police who guard the Committee entrance were allowed to sign for classified material and Miller said they are not.

X1 21. [REDACTED] LIAISON Called Dick Giza, House Permanent Select Committee on Intelligence staff, to ask him if he would be able to review some documents requested in his briefing by Evan Hineman, Director, OWI, last week on OWI's use of telemetry and Giza said he could not this week but would try to do so next week. He asked about Representative Charles Rose's (D., N. Car.) request for a tour of [REDACTED] and I said it looked like it would be 26 January and I would let him know for sure tomorrow. He said other members might want to accompany Representative Rose.
